I PUB WITH A DIFFERENCE

Now able to supply the new iPub with faster PC and exceptional note acceptor

GOLDEN RULES OF DIGITAL SIGNAGE

From the manufacturers of BeeBox

NEW CLASSEQ RANGE

State of the art glass and dish washing equipment

CLEAR COOL HAVE GONE CLASSEQ

Clear Cool are delighted to announce a new trading relationship with Classeq, the only Warewashing Manufacturer in the UK.

Some highlights of the new products are:

- Machines are very simple to set up and use, they are the top of line range for Classeq
- Build quality is superb, double skinned (for quieter washing)
- Low fill wash tanks (less water used, heats 50% quicker than competitors and a 25% saving on running costs)
- Full LCD Display, shows any faults or error codes and even tells you when to fill up with salt

IPUB WITH A DIFFERENCE

We're pleased to announce we can now supply Bell Fruit's iPub machine to our estate.

Our iPub is a rebuild of the model currently on the market, making it both faster and more reliable than older versions.

Each machine has a Quixant PC built in to it which allows for slick game play and fast load times.

They also have NV200 note acceptors which are market leading and have significantly reduced service calls for acceptance/payout issues.

The game menu consists of ten high performance games, all of which have been converted to run on the new PC system.

We're looking forward to new game releases coming out over the next few months which should see this machine move from strength to strength.

"A faster PC and more reliable note acceptor mean greater playability for customers"

DIGITAL SIGNAGE DO'S & DON'TS

The manufacturers of Innstay's BeeBox system have come up with some handy tips on how to create the perfect digital signage playlist to feature on your TV screens.

With thousands of pre-populated templates available on the system you can follow all of their tips easily and generate professional slides in minutes.

If you're baffled by the above then give Innstay Support a call and they'll create the signage for you!
